

Agricultural Water Pump

FEATURES & BENEFITS

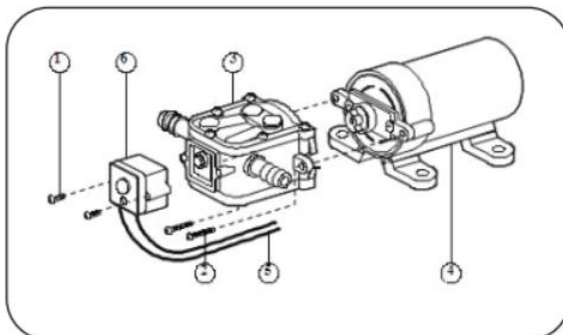

DC sprayer pump can handle chemical sprays as well as water.

Application:

- *Agriculture/Yacht/RV/Caravan Pressurized water system
- *Sprayer fixture (Vehicle-mounted sprayer,electric sprayer,battery sprayer, hand sprayer)
- *Food beverage filling & liquid transfer
- *Any other pressurization system.

Factory electric sprayer pumps Special Function:

- *Stable performance
- *Self priming, automatic switch
- *Low noise, corrosion resistant
- *Duty cycle:working intermittent

Key	DESCRIPTION	Key	DESCRIPTION
1	Switch cover screw	4	Motor
2	Pump head screws	5	Lead wire
3	Pump head	6	Pressure Switch

Technical Data

Model	Volt	Flow Rate (LPM/GPM)	Pressure (PSI/Bar)	Amps Draw (A)	BYPASS
